ABOUT NEW ELITE HOSPITALS

New Elite Hospitals is a combination of Preventive care, home care and chronic care. very unique and most needed in present scenario.

Unlike a regular hospital, our New Elite Hospital serves is into solving the forgotten or neglected areas of health care.

New ELITE Hospital serves the very important, affordable people who lack family members beside to take care of them.

PREVENTIVE CARE

“PREVENTION IS ALWAYS BETTER THAN CURE”

Helps to diagnose impending health problems and helps in preventing complications.

Includes :

Regular health check ups

Vaccinations or Immunizations

Specific screening or diagnostic tests

based on the family history and medical history

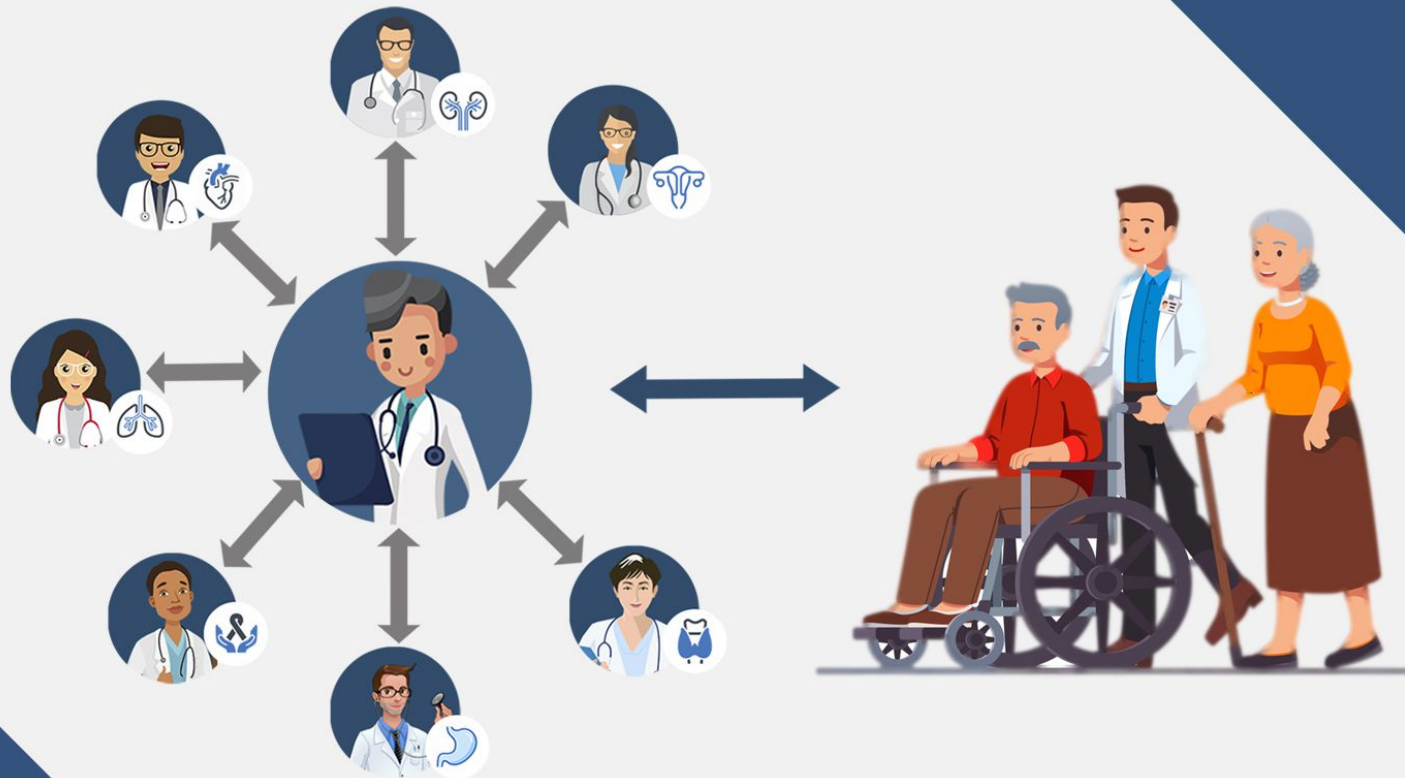

HOME CARE

Key to achieve the highest quality of life possible to a homebound individual

Personalized attention by Known and trusted providers gives better outcome

CHRONIC CARE

EVERY SON
MIGHT NOT BE A DOCTOR
BUT OUR EVERY
ELITE MEMBER
CAN HAVE A
DR.SON

Dr. SON is a unique and most needed concept to this developed region where most of the people are well settled financially but their off generations are not with them leaving elderly people at home.

Dr. SON will be allotted to each person to get acquainted with their complete health and will visit home frequently to check their health and attend emergencies.
